

## STATE UNIVERSITY OF MILAN

Founded in 1998, the **University of Milano-Bicocca** has grown rapidly to become a central figure in the higher education and research landscape. The University's modernity is reflected in its innovative approach to teaching and its commitment to fostering an inclusive and future-oriented academic environment.

Located in the northern part of the city, in an area specifically designed as an educational and research hub, the University benefits from state-of-the-art facilities and a strategic location. The **Bicocca district** has been designed to integrate educational institutions, research centers and industry, creating an ecosystem that fosters collaboration and innovation.

### Why study at the Bicocca University of Milan?

1. The University is located in Milan, administrative headquarters to Italy's richest and most productive region, as well as Italy's financial and business capital. Milan is also one Europe's most renowned cities. As a city, has always embodied fashion, design, and finance, both in Italy and abroad.
2. Like all Italian State Universities, the University of Milan offers quality education at an extremely affordable cost.
3. Bicocca is a young university that will connect you with students from all over the world. You will not just be a student here. You will be a member of the global community.
4. Since its foundation, the University of Milano-Bicocca has reached beyond its borders entering into various agreements with European and non-European universities.
5. Research is always global. Bicocca University lecturers are members of international research groups that share numerous projects and initiatives, with a common commitment to increase the quality of teaching.
6. Bicocca University is always evolving with the world around it, combining scientific rigour with a capacity to evolve as we tackle new challenges and strive for higher goals.
7. Bicocca is a way of life: students, teachers and staff members share the common aim of wanting to maintain Bicocca's leading role in education, ethics, respect, skills and expertise.
8. There is much more to Bicocca just education. It is also about commitment, culture, knowledge, technology, hard work, and success.
9. Milano-Bicocca has achieved the maximum score (1 - Very good) for the number of young people doing research in postdoc positions and for scientific publications with international and local co-authors, as well as for publications mentioned in patents.
10. The university is also rated positively for the number of citations in top publications (2 - Good) and for publications produced in partnership with industry. It also received a "Good" assessment for its ability to attract funding from abroad and at regional level.
